Period Perspectives

Class of 2016

period perspectives

Did you know that in the United States tampons and other menstrual products can be taxed as luxury items, implying that they are unnecessary or nonessential? Ever heard of a menstrual cup? Interested in seeing how you can help women in the Trenton community get access to menstrual hygiene products? Want to hear live stories about periods by women on campus?

If these questions interest you, come out to WILL/WGS capstone's events during our Period Perspectives week and reclaim menstruation!
#PeriodPerspectives
